EXPERIENCE

- Product Manager**, SecondWind Pro Jun 2025 – Present
- Built NIL (Name Image Likeness) platform MVP to give D1 athletes verified digital profiles for brand partnership deals, driving 40% school adoption and onboarding 500+ athletes across an 8-person cross-functional team.
 - Designed core feature set for a brand engagement platform serving 100+ institutions, running discovery with 30+ schools, applying RICE prioritization, and unlocking \$500K+ in fundraising pipeline.
 - Built automated onboarding and data sync workflows to eliminate manual operations at scale, reducing manual effort by 70% and improving data accuracy by 25%.
- Product Strategy**, Flyhomes Jun 2023 – Jun 2024
- Redesigned variable compensation system to fix misaligned incentives across 60+ sales reps, delivering \$48MM in savings while managing \$600K/month payouts with 100% accuracy.
 - Built KPI dashboards to give leadership real-time visibility into rep performance, improving team effectiveness by 28% and customer satisfaction by 17%.
 - Created onboarding program to accelerate ramp-up for new sales hires, scaling to 50+ associates and standardizing SOPs that improved process adoption.
- Associate Product Manager**, Flyhomes Apr 2022 – Jun 2023
- Built agent-facing workflow tools to reduce friction in the home transaction process, cutting SLA by 8% through iterative discovery, user research, and sprint-based delivery.
 - Launched satisfaction improvement initiative by identifying CX drop-off points through data analysis, driving a 32% lift in customer satisfaction scores via cross-functional sprint planning.
 - Introduced agile sprint structure to a team running ad hoc processes, accelerating product delivery by 20% and embedding retrospectives for continuous improvement.
- Senior Operations Associate**, Flyhomes Jan 2021 – Mar 2022
- Developed home pricing framework to give agents data-driven offers in competitive markets, generating \$50K savings per transaction through analytical modeling and market benchmarking.
 - Managed 200+ transaction closings to ensure operational excellence, collaborating with lenders and internal teams to maintain high satisfaction across the full deal lifecycle.
 - Built compliance training program to standardize quality across operations, improving team compliance by 78% through SOPs and quality checkpoints for 7 team members.
- Operations Associate**, Flyhomes Jun 2019 – Dec 2020
- Redesigned core workflows to remove operational bottlenecks, improving workstream efficiency by 52% using Zapier automation to reduce manual dependencies.
 - Audited 500+ transactions to surface accuracy issues and compliance gaps, building dashboards to monitor closed deals and ensure regulatory accuracy.

PROJECTS

- Product Manager – MBA Capstone**, Flexera Sep 2024 – Dec 2024
- Built an AI-powered win/loss analytics dashboard to help revenue teams diagnose deal loss patterns and improve forecast accuracy, delivering predictive win rate trends and full funnel analysis.
 - Ran discovery with 12 Flexera stakeholders to validate core use cases, synthesizing findings into a prioritized feature set and prototyping end-to-end in Figma.
 - Defined sprint plan and product spec for a cross-functional team of 4, shipping a working prototype recognized by faculty and client for insight depth and UX clarity.
- FreshPlate**, Personal Project
- Built an AI-powered food management app to reduce household waste through smart inventory tracking and recipe recommendations, deployed end-to-end on GitHub Pages.

EDUCATION

- University of Wisconsin-Madison, Wisconsin School of Business** May 2026
Master of Business Administration, Technology Strategy and Product Management
- Punjab University, India** May 2018
Bachelor of Arts, Sociology Honors

SKILLS

Product Strategy: Product Roadmapping, Feature Prioritisation (RICE), OKR Frameworks, MVP Development, GTM Strategy, Zero to One Product Development, Platform & Ecosystem Products, Business Strategy, Market Analysis, Market Research, Competitive Analysis

Execution & Delivery: Agile/Scrum, Sprint Planning, Project Management, Cross-Functional Leadership, Stakeholder Management, Executive Communication, A/B Testing, Usability Studies, SOP Development, Technical Architecture, Data-Driven Decision Making

Data & Analytics SQL, Power BI, Data Studio, KPI Dashboards, Funnel Analysis, Win/Loss Analysis, SAS, R, MS Excel Advanced

AI & Automation, Generative AI for PM, Prompt Engineering, Agent Orchestration, Predictive Modelling, Responsible AI

Design & Research: Figma, Lucidchart, Wireframing, Information Architecture, UX Research, UX Design, Customer Discovery, User Research

Tools & Platforms JIRA, Confluence, Asana, Airtable, Zapier, Salesforce, GitHub, Lucidchart, Google Data Studio, Claude code/cursor, Zendesk

Certifications: Product Roadmapping (PRC), Product Prioritization (PPC), Gen AI for Product Managers, Six Sigma, SQL Certified, MS Excel Advanced
